Trains: A Complete History

by Philip Steele

An icon of the Industrial Revolution, railroads were essential to the progress of the nineteenth and twentieth centuries. Today's trains travel at speeds up to 268 miles per hour, and continue to push limits. *Trains: A Complete History* provides an excellent overview of the train models that were groundbreaking in their respective eras. The scope of progress comes to life on these pages—from the 1830 *Best Friend of Charleston*, whose passengers were said to have traveled "on the wings of the wind" at a whopping top speed of twenty-five miles per hour, to the 2012 hybrid-powered Japan Railway HD300, which uses 36 percent less fuel than traditional trains and travels at speeds up to seventy miles per hour.

Doodle something darker.

Really Grimm's Doodle Diaries

by Simon Balley

The fairy tales of Jacob and Wilhelm Grimm are a little grimmer than the average fairy tale—Red Riding Hood lost in the woods with the big bad wolf; Hansel and Gretel lured into the trap of the evil witch; poor Rapunzel confined to solitude. With their vivid imagery and symbolism, these stories beg for illustrations, and *Really Grimm's Doodle Diaries* helps novice artists doodle their own. With prompts like “Draw something horrid here” and “Find out who will survive the terror of the deep dark woods,” this is one doodle book that is sure to leave your spine tingling. Complete with easy-to-follow instructions and plenty of space for experimentation, the chances for failure are grim.

- More than 125 prompts and activities from word searches to cutouts to recipes
- Perfect for novice artists looking for inspiration
- NBC's hit show *Grimm* has renewed interest in the works of the Brothers Grimm

Bulfinch's Mythology

Introduction by Stephanie Lynn Budin, PhD

Can't keep all your gods and goddesses straight? Wondering about mythological references in classic literature? *Bulfinch's Mythology* offers approachable accounts of ancient legends in a compilation of the works of Thomas Bulfinch, banker and Latinist. This volume includes all three of Bulfinch's original titles: *The Age of Fable*, *The Age of Chivalry*, and *The Legends of Charlemagne*. Bulfinch states his purpose for the book clearly: "Our work is not for the learned, nor for the theologian, nor for the philosopher, but for the reader of English literature. . . who wishes to comprehend the allusions so frequently made by public speakers, lecturers, essayists, and poets, and those which occur in polite conversation." This compilation was widely used as the authoritative text on mythology in schools for over a century.

12 Years a Slave by Solomon Northup

In 1841 Solomon Northup, born a free black man in Saratoga, New York, was offered a short-term job with a circus in Washington, D.C. When he arrived, he was kidnapped and sold into slavery in Louisiana. Finally, with the help of a Canadian abolitionist, he was rescued and reunited with his family in New York. In this memoir, Northup relates the events of his twelve years as a slave, and makes observations on the antebellum way of life.

- A bestseller when first published, the story was recently adapted to film.
- Great for anyone who enjoys tales of the antebellum South
